

## **Head Coach - Senior Women's Football**

The Aberfeldie Sports Club has proudly supported the development of local sporting talent in the community for nearly 70 years.

As a leading sports club in the North Western suburbs, Aberfeldie Sports Club embraces the community through fair, inclusive and respectful participation in sport and in turn leading and inspiring others.

After setting the foundation of two successful seasons by developing and nurturing the growth of junior girl's football, Aberfeldie SC is now ready to enter the second phase of its strategic vision for women's football with the launch of a Senior Women's Team for the 2018 season.

In our search for a Head Coach Senior Women, Aberfeldie is looking for an experienced coach who appreciates the unique skills required to develop a successful senior women's program both on and off the field.

Whilst your football knowledge in the implementation of the basics of training, game day planning, football knowledge and team development will be highly valued, what will set you apart in this role is your unique understanding of the specific needs of coaching women's football.

Working in collaboration with the broader network of coaching staff and administrators at the club, the Head Coach Senior Women will work to grow a skilled and engaged senior women's team that is integrated with the club and supports the broader development of female sporting leaders within our club and community.

This is a unique opportunity for a head coach who is passionate about leading women's football in the community and taking it from strength to strength. The successful candidate will be remunerated consistent with experience.

Applications can be made by submitting your coaching and relevant resume history to [womensfootball@abers.com.au](mailto:womensfootball@abers.com.au) or enquiries for more information please contact Jackie Allen on 0439 037 496. Applications close 5pm 11<sup>th</sup> September, 2017.

Aberfeldie Sporting Club respects and values diversity.
